

Ad-hoc Announcement acc. § 15 WpHG

MOBOTIX AG launches share buyback program

Today the executive board of MOBOTIX AG resolved to exercise the authorization granted to it by the General Shareholders' meeting dated 30 September 2009 to buy back shares in a volume of up to 15,000 shares pursuant to section 71 para. 1 No. 8 German Stock Corporation Act.

The shares may be used for all of the reasons named in the authorization by the General Shareholders' meeting. In particular, it is considered to grant shares to employees and members of the executive board. The buyback will be carried out over the stock exchange in compliance with the trading rules, volume and buyback restrictions set forth in the Commission Regulation (EC) No. 2273/2003 of 22 December 2003.

The share buyback program shall commence on 19 July 2010. The authorization of the executive board is limited until 30 September 2014. However, the share buyback program will be terminated when the maximum number of shares is reached. Trading in shares of the Company is not allowed.

About MOBOTIX AG:

MOBOTIX AG sees itself as a software company with in-house hardware development in the area of digital, high-resolution and network-based video security solutions. The company focuses on the development of user-friendly complete system solutions from a single source. The publicly-traded company with headquarters in Langmeil, Germany, is known as the leading pioneer in network camera technology since its foundation in 1999 and its decentralized concept has also made high-resolution video systems cost-efficient. From 2010 onwards, MOBOTIX will extend its product range to include intelligent home automation products that are developed in-house. Whether in embassies, airports, railway stations, ports, gas stations, hotels or highways, over one hundred thousand MOBOTIX video systems have been in operation on every continent for years.
