Recording types, playback of recorded events, storage locations and media
- 16:45** Lab: Recording
- 17:30** End of Day 1
- 19:00** Dinner (costs included in participation fee)

Network Video

MOBOTIX has redefined video. Whether on the Internet, in traffic management, building surveillance or banking environments - the MOBOTIX camera is connected to the network like a printer, and live and recorded images can then be retrieved from any PC without installing any software.
