

April 13, 2023

MOBOTIX Group confirms its sales forecast of between EUR 66 million to EUR 68 million for business year 2022/23 with an expected EBIT of between EUR 2.0 million to EUR 4.0 million based on H1 results, pipeline and planned projects in the financial year until September 2023. This is further supported by sales seasonality developments in previous years.

Further sales, marketing and R&D initiatives are implemented in business year 2022/23 to secure a full customer experience based on cybersecurity made in Germany and in line with NDAA compliance as an alternative to Chinese competitors.

The Annual General Meeting has been convened for 26 May 2023. Given that the company incurred a loss, no dividend can be paid for the business year 2021/22. However, MOBOTIX expects to be able to pay a dividend in 2024 again with respect to the current financial year 2022/23.
