

MOBOTIX M ONE Named Finalist for the GIT SICHERHEIT AWARD 2025

el 09 de mayo de 2025

The MOBOTIX M ONE has been selected by the expert jury of GIT SICHERHEIT, comprised of representatives from BHE, VDMA, ZVEI, as well as system integrators and end users, as a finalist for the prestigious GIT SICHERHEIT AWARD 2025.

The high-performance IP camera impressed the jury with its combination of ultra-high-resolution 4K image quality, advanced AI capabilities, and exceptional durability – Made in Germany. Equipped with the integrated, deep-learning-based MOBOTIX ActivitySensor ONE, the M ONE significantly reduces false alarms and enables accurate object detection even under challenging lighting or environmental conditions. With its resilient housing and energy-efficient architecture, it is ideally suited for use in critical infrastructure, industrial applications, transportation, and healthcare.

“*The nomination of the M ONE is a great recognition for us and reinforces our commitment to delivering powerful, intelligent, and secure video technology ‘Made in Germany*’,” says Christian Cabirol, CTO of MOBOTIX AG.

The public voting for the GIT SICHERHEIT AWARD ends on September 1, 2025.
