MOBOTIX HUB Add-Ons

Brand	Product / Service	Last Update	Additional Information
AllGoVision Technologies	AllGoVision	2021-06-21	**Necessary components:** AllGoVision Web Client + MOBOTIX HUB AllGoVision performs AI-based real-time analytics on the edge/server from the live/recorded video feeds. Any violation detected or a pre-defined event recognized can be then viewed in the Alarm Center by the end-user. It reduces manpower for monitoring and offers the choice of user-defined alarms.
Arcules	Arcules	2021-06-21	**Necessary components:** Arcules MOBOTIX HUB Hybrid VMS Solution + MOBOTIX HUB Arcules integrates cloud-based VSaaS with MOBOTIX HUB hybrid on-premise video management software (VMS) to deliver a powerful solution for organizations looking to centralize their dispersed video surveillance operation.
Assa Abloy	Vault Next Access	2021-06-21	**Necessary components:** Assa Abloy Vault Next & Vault Next HUB Plug-In + MOBOTIX HUB & HUB Access Vault Next is an Open Access Control platform, integrated with leading hardware controller brands.
ela-soft	GEMOS PSIM	2021-06-21	**Necessary components:** ela-soft GEMOS & MOBOTIX HUB GEMOS is extensive and deep integration of MOBOTIX HUB using newly developed Video Client with full coverage of the available integration services.
Faceit Data Systems	Identity Cloak	2021-06-21	**Necessary components:** Facit Identity Cloak + MOBOTIX HUB Facit Data Systems' new Identity Cloak redaction software helps businesses/educational institutes to minimize their compliance risks. The application anonymises faces automatically in video footage before sharing with third parties. The application is installed directly on client's machine.
G2K Group	Parsifal	2021-06-21	**Necessary components:** G2K Parsifal + MOBOTIX HUB Parsifal is a scalable Software that connects data from thousands of physical and digital touchpoints with artificial intelligence (AI) algorithms into one single IoT platform allowing a holistic and centralized point of view with automated actions.
Gallagher Security	Command Centre	2021-06-21	**Necessary components:** Gallagher Command Centre & MOBOTIX HUB Plug-In + MOBOTIX HUB Gallagher Command Centre & MOBOTIX HUB have a bi-directional integration that allows either system to be the front-end system, giving operators the ability to confidently manage incidents on site in a way that suits them

Herta	BioSurveillance NEXT BioSurveillance BioAccess	2021-06-21	**Necessary components:** Herta BioSurveillance NEXT / BioSurveillance / BioAccess + MOBOTIX HUB The integration plugin establishes a link between Herta facial recognition software and MOBOTIX HUB. The integration plugin sends analytic events that can be used to trigger certain functionalities inside the HUB software.
Ipsotek	VISuite AI VISuite FR VISuite LPR	2021-06-21	**Necessary components:** VISuite AI / FR / LPR + MOBOTIX HUB Powerful, Artificial Intelligence Video Analytics (AIVA) solutions for Live and Post event analysis. VISuite AI is integrated with MOBOTIX HUB and provides operators with a unified interface for managing a comprehensive range of "Use Cases" which are applicable to multiple industry sectors.
IronYun	Vaidio	2021-06-21	**Necessary components:** Vaidio & BTX Bridge + MOBOTIX HUB Vaidio (former AI NVR) Video Analytics solution includes several AI deep learning analytics engines. Each engine processes videos from live RTSP streams or uploaded files, performs object recognition, obtains and saves the metadata, and generates alerts according to the alert rules set by the user. Vaidio can obtain video streams from the NVR as the inputs. Any Vaidio alert can trigger a custom event and corresponding alarm in MOBOTIX HUB. The alarm includes (1) the type of alarm, (2) the camera that caused it, and (3) an image of the scene that caused it.
NEC	EXPRESSCLUSTER NeoFace Watch	2021-06-21	**Necessary components:** NEC EXPRESSCLUSTER X / NeoFace Watch + MOBOTIX HUB EXPRESSCLUSTER X is High Availability (HA) and Disaster Recovery (DR) software providing a wide range of solutions enabling fast recovery and continuous protection of critical applications and data. High performance, highly scalable, NeoFace Watch delivers fast accurate results for even the most demanding real-time or post-event face recognition use cases even in the face of challenging lighting, weather, extreme facial angles and headwear.
Paxton	Net2	2021-06-21	**Necessary Components:** Paxton Net2 Access Control + MOBOTIX HUB & HUB Access Net2 is an advanced PC based access control solution. Net2 offers centralised administration and control of sites with up to one thousand doors and 50,000 users. Perfectly tailor access privileges to groups or individuals quickly and easily using our intuitive, user-friendly software.
Recona Sense	Recon Access	2021-06-21	**Necessary components:** ReconaSense & Recon & ReconAccess + MOBOTIX HUB Seamlessly integrate MOBOTIX HUB with our truly unified physical security platform to provide operators with intelligent alarm management, risk prevention, and a common operating picture

SAFR from RealNetworks	SAFR Server / Desktop	2021-06-21	**Necessary components:** SAFR Server & SAFR Desktop + MOBOTIX HUB Optimized for live video, SAFR™ delivers exceptionally accurate facial recognition integrated seamlessly with MOBOTIX HUB. With video overlays, automatic bookmarks, and real-time alarms, SAFR taps the power of AI to overcome the limits of physical security by providing enhanced visibility and situational awareness.
Scylla Technologies	Protective Intelligence Suite	2021-06-21	**Necessary components:** Scylla Server + MOBOTIX HUB Scylla runs on your local security servers A.K.A on-premise 24/7, silently watching the image coming from Stationary or Drone cameras. As soon as Scylla detects a suspicious behavior or object that could possess a threat towards a protected group of people or a guarded facility Scylla will sense that. The detection process will immediately open up the dashboard with different statistical metrics that will enhance the intelligence about the current situation. Security operators in the field will receive an alert via Scylla mobile application. By opening the mobile app, they will see vital information about the attack using Scylla SSIS module, including suspect ID, location, and method of the attack.
TechnoAware	Vtrack	2021-06-21	**Necessary components:** TechnoAware Vtrack & MOBOTIX HUB VTrack always integrates the latest video analysis algorithms and methods for the most performing and reliable intelligent video surveillance solutions
Vanderbilt	Omnis	2021-06-21	**Necessary components:** Vanderbilt Omnis & MOBOTIX HUB license Plug-In + MOBOTIX HUB & HUB Access Vanderbilt Omnis is an integrated security Enterprise solution for access and intrusion.
VisionLabs	LUNA	2021-06-21	**Necessary components:** LUNA Platform & FaceStream & Face Recognition Plug-In + MOBOTIX HUB VisionLabs Face Recognition plug-in adds face recognition functionality to MOBOTIX HUB. It is designed to work in conjunction with VisionLabs LUNA PLATFORM facial recognition system.

Important Notes:
- Mandatory Requirement for the activation of a MOBOTIX HUB Add-On is a L2 license
- in exceptional cases it is possible that a L4 license is required
